MEMORANDUM FOR CHAIRMAN, CRITICAL INTELLIGENCE PROBLEMS COMMITTEE

SUBJECT: Membership on CIPC

Since the establishment of the new ASD(C3I) in early 1985, this organization has been charged with providing the overall DoD interface to the Intelligence Community. As such, I now serve as a member of the National Foreign Intelligence Council (NFIC). OASD(C3I) has also obtained observer status on both the SIGINT and COMIREX Committees and will soon hold the same status on the newly established MASINT Committee.

Since the CIPC is a cornerstone for handling the critical problems of the Intelligence Community, we believe it is important that a proper DoD perspective be lent to the working of the CIPC. In addition, OASD(C3I) representatives are currently members of at least some of the working groups studying problems, such as Mobile Missiles and Relocatable Targets. Therefore, we request OASD(C3I) membership on the CIPC.

The OASD(C3I) point of contact is Dr. William Marquitz, Director, National Intelligence Systems. He can be reached at 695-1829.
